LEHI SUGAR FACTORY WORKS AT CAPACITY.  
Lehi, Sept. 26.—The Utah-Idaho Sugar company's plant at Lehi commenced cutting beets today. This is the beginning of its twenty-second campaign and promises to be the most successful one in its history. More than \$100,000 has been expended in improvements during the past summer, consisting chiefly in the installation of a new boiler house, boilers and a mammoth cement smokestack more than 200 feet high, with an inside diameter measuring thirteen feet.

Formerly twenty-four horizontal boilers had as many smokestacks, but during the shutdown these were removed and now half as many boilers—yet practically doubling the former capacity—communicate with the one smokestack.  
Last year the plant consumed on an average of 1,240 tons of beets every twenty-four hours. The increase of the steam capacity, together with other improvements, will materially increase the daily consumption of beets. The beet crop is about the same as last season and a little above the average in sugar content and the yield per acre.

The series of rains about one month ago made the beets fresh and crisp and the following ideal ripening weather is adding sugar every day. For four days the farmers have been digging and they report the ground in ideal condition for this purpose. It is probable that the present run will last well into January.

PROVO PIONEER DIES.  
Provo, Sept. 26.—Peter Johnson, one of the early pioneers of Utah country, died at his home in Lake View Wednesday night at 10:30 of general debility. Mr. Johnson was 87 years of age, born in Denmark, January 1, 1825. He came to Utah, crossing the plains by ox team, in 1854. Three sons, Peter Johnson, Jr., Mads Johnson and A. O. Johnson, and a number of grand children survive him.

DEATHS AT TWIN FALLS.  
Twin Falls, Ida., Sept. 26.—Death claimed two prominent pioneer residents of Twin Falls this week. John Macauley, Sr., and Ernest E. Krenzel. John Macauley, aged 64 years, was a building contractor and spent several years in construction work for the Northern Pacific and Union Pacific railroads. Besides his wife, he leaves three sons and one daughter. Ernest E. Krenzel, aged 54 years, was one of the pioneer mechanics of this city, coming here from Nez Perce, Idaho, with his family five years ago. He was a prominent member of the Woodmen of the World lodge. The deceased leaves a wife, three sons and two daughters.

Saved the Canvasbacks.  
The last duck that we saved from starving to death by the local trolley employees, who caught and fed them last winter, was shipped to New York city recently, consigned to one of the many parks in that city.

Some time ago three canvasbacks were shipped, but the one that was sent recently was not strong enough, so it was kept here longer. When the lake was closed by the ice last winter many of these ducks were frozen to the ice and others became so far famished that they were unable to fly. The trolley men running between here and Branchport when they saw the birds in such a condition took them to the power house and fed them. The majority were freed after the ice broke up, but the four largest were shipped to New York city—Penn Yan Correspondence Rochester Union and Advertiser.
